

My pledge:
I value diversity and am committed
to 'respect all'.

No one can take away our ability
and our responsibility to respect each other.

This is about how we live, how we thrive as a society ...
and now it's also about how we spend our money.

I pledge to encourage businesses and organizations that
I support, to be part of the **Respect All** movement and
ask them to sign the pledge and display their commitment to
helping create a peaceful and respectful society.
